

NEWS & NOTES

PVS Sensors Inc. COVID 19

April 2020
Issue 51

COVID-19 Update!

As a supplier to essential industries across the country, PVS Sensors Inc. remains open to service our customers. The entire team is responding well to the challenges we're facing with COVID-19. We are committed to making sure we maintain our traditional high standards for serving customers. We have taken numerous steps to keep our people safe and maintain effective operations.

Those include:

- Following CDC recommendations for keeping the workplace safe.
- Providing the necessary tools and resources to allow many of our people to work remotely.
- Restricting visitor access to our facility.
- Restricting unnecessary travel.
- Offering drop-ship solutions for our distributors at no additional cost.

Our manufacturing team is here to fulfill our customer's requirements. If we hear of anything that may impact our production, we will inform those affected immediately.

We sincerely hope you, and your families, stay healthy as we work through this crisis.
